MORE THAN JUST A KITCHEN

MORE THAN JUST A KITCHEN

MORE THAN JUST A KITCHEN

PHILOSOPHY

Your kitchen is more than just a room.

As the 'heart of the home', we know how much your kitchen matters to you.

At Webbs, we have the vision, skills and experience to turn your dream into reality. Thanks to knowledge passed down through the same family for more than 80 years, our bespoke design service will create a room that suits you perfectly.

From the very first home consultation to the moment you step into your newly finished kitchen, your wish is our command. Your style inspires our creativity and the result is a beautifully bespoke, handcrafted area for you to enjoy just as you please.

With our expert guidance, you can choose from a carefully selected range of leading brands, the highest quality materials and innovative technologies that work in harmony thanks to experienced designers.

“ Ben and his team listened and worked with me to design and create a kitchen shaped around my LIFESTYLE, my aspirations and my budget. The quality of the units, the installation and the workmanship are second to none. Webbs of Kendal are a fantastic, knowledgeable and friendly family business. They quite literally provided ‘more than just a kitchen’, as they have also designed and installed a dressing room and study for me. ”

Helen Soutar (& Dylan), Bolton-le-Sands

YOUR STYLE

At Webbs, no two kitchens are the same - and that's because we design them to mirror your own individual style.

Whether you favour a contemporary image, prefer something with a traditional feel or want a look that is totally unique, let us guide you through the various choices and help you create the perfect blend.

Take inspiration from the eight showcase kitchens in our state of the art showroom, each with its own distinct look. Touch the worktops, explore the various cupboard options, see colours and finishes, feel the quality of handmade craftsmanship and soak up the atmosphere of each kitchen. Many of our appliances are 'try before you buy' so that you can enjoy a taster of what is to come, plus you will see how the latest technologies can really enhance your kitchen experience.

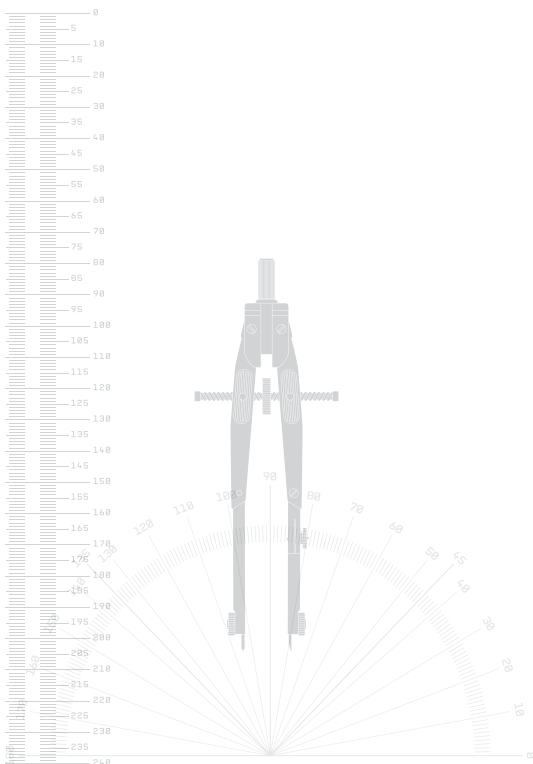

YOUR DESIGN

What makes Webbs so special is our complimentary design service. We take the time to listen, to visit your home and to truly understand how you want your kitchen to look and function. Then we hold your hand throughout the entire design process.

Relax whilst we talk through design ideas in your home consultation and be reassured about how your kitchen will look with bespoke 3D images. Perspective drawings and room plans will ensure that your design is tweaked to perfection, making your kitchen the ideal complement to your lifestyle.

The costs will be clear and thorough, allowing you to prioritise and make the most of your budget. Our hand picked manufacturers boast impressive credentials for design and quality, so you know that you are making a wise investment in your property and enhancing its value.

“ The whole process of dealing with Webbs of Kendal has been personal and hassle-free. They have worked with us to create the perfect space for us to cook, live and entertain. Our new kitchen has added value to our house and our lives. If you're looking for a kitchen supplier that goes the extra mile and works with you to create a space that is MADE-TO-MEASURE, fits your life style and fulfils your aspirations, Webbs of Kendal is the right choice. ”

Rachel, Ben and Leo Mitchinson, Kendal

“ The wish list for our new kitchen was very specific, requiring a tailored approach in terms of design, materials and installation. Throughout the entire project, Webbs of Kendal listened to us and helped to make the most of the space available. As well as wanting a stylish new kitchen, it had to tick all the practicality boxes so that it worked for us. The staff were very accommodating and proactive in their approach. Webbs of Kendal have surpassed our expectations, making everything **WORK PERFECTLY** for us. ”

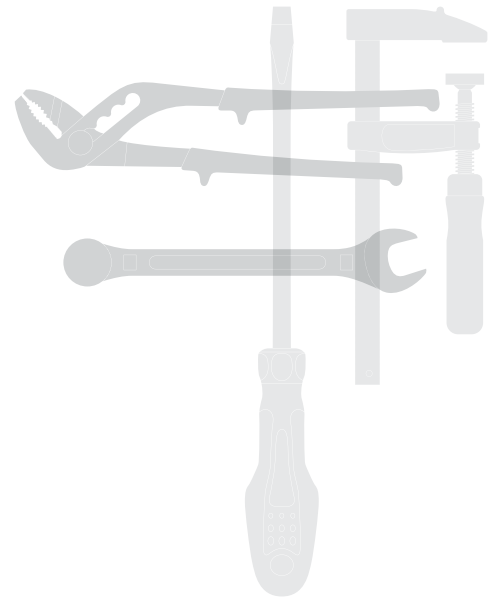

Franca and John Hold, Ackenthwaite

INSTALLATION

Kitchens are our passion - so we understand how being without a kitchen can be an upheaval. Our installation service is slick and efficient, allowing the build to run smoothly and with minimal disruption.

Experienced and professional joiners and installers will fit each item with great attention to detail and work in harmony with each other to ensure a seamless finish.

Such skill and expertise will ensure that your kitchen will be installed to last, guaranteeing you a lifetime of service from your investment. Whether you opt for an off-the-shelf or a hand-made kitchen, you can be assured that the workmanship is built to last.

YOUR KITCHEN

'More than just a kitchen' has become a philosophy for us, not just a strap line for our marketing materials. For us, working and building relationships with our clients is at the heart of any project and also the part we enjoy most.

"We were recommended by friends to visit Webbs of Kendal when looking for our new kitchen. Our initial meeting with Showroom Manager Paul, who was personable and collaborative. There was no sales pressure whatsoever.

Paul took the time to get to know us and our home. The entire project, from that first meeting through to installation has been an absolute pleasure.

When we needed to drop in to the showroom for updates or borrow material samples for colour matching, Webbs responded immediately. Nothing was too much trouble, the whole company made us feel welcome and extremely valued."

Christine and Alan Reynolds (& Hector), Ambleside

“ Now, thanks to Webbs, our beautiful new kitchen truly is the hub of our home. At first, we couldn't believe it was our kitchen but now, just like the dealing with Webbs, our kitchen is so easy to live and work with. If you're looking for a hassle-free and TRUSTED approach to your new kitchen, you could not ask for a better service than Webbs of Kendal. ”

Christine and Alan Reynolds (& Hector), Ambleside
